

March 24, 2020

Dear Liguori Family,

As you may know by now, Governor Wolf has indicated that schools will remain closed until April 6th. In these unprecedented times we may find ourselves focusing on the bad news-news that is alarming and may cause us anxiety. I want to assure all of you that last week was a tremendous success for Liguori Academy, our students, our faculty and our stakeholders. We all miss seeing the faces of our students. They are, in fact, what gets all of us up each morning. Their hard work, struggles and successes are the reason all of us chose Liguori Academy. But we are a distinctive place of learning. We utilize innovative technology platforms every day and we had a plan in place for remote learning. Because of the dedication of our students and faculty we did not miss a beat in providing high quality, individualized education. We are continuing to implement additional remote learning platforms this week and will continue to do so because we are all in this together and our students are cherished.

So, while the physical building continues to be closed what last week has taught me is that Liguori Academy doesn't live in a building. Through out motto-perhaps now an anthem-#BoundlessLove we have proven that Liguori Academy lives in the hearts and minds of our students, faculty and administration. It is a value that no one can 'close' or take away.

To illustrate this, please allow me to share the following data from the work our students and faculty accomplished last week:

97% of students have logged into online curriculum
12% of students spent 1-4 hours on online curriculum
85% of students spent 4+ hours on online curriculum

Additionally, **15 students completed the 3rd quarter work early** and have no reason to sign in until new work is provided so above numbers would have been even higher.

We are here for all of you! Please do not hesitate to contact me at mmarrone@liguoriacademy.org if you need anything.

In Liguori,

Michael Marrone
