BOUNDLESS LOVE

April 2020

The Boundless Brief

An Update on the Boundless Celebration

In response to recommendations from federal, state, and local governments, we have made the responsible decision to **transition this year's Boundless Celebration into a fall fundraiser that will be scheduled for a date in September/early October**. Rather than letting this time of uncertainty and disruption stop us from the good work that we're doing, we're using it as an opportunity to create something new. Our team is hard at work on putting together the details for our new fall fundraiser and will be in touch as soon as possible.

The Boundless Celebration will always be our staple event, and we look forward to bringing it back on **May 5, 2021 with *Almost Queen***. Until then we hope that you'll join us **as we celebrate this next (exciting) chapter of Liguori Academy** with our fall event.

If you have questions about a previously purchased sponsorship package or tickets, please reach out to **Shannon Donohoe**.

Stay Tuned!

NAHB Student Chapter at Liguori

Philadelphia's Building Industry Association is partnering with Liguori Academy to form a National Association Home Builders (NAHB) Student Chapter.

NAHB Student Chapters provide students interested in construction with real world exposure to the home building industry through membership benefits, educational programming and networking opportunities.

Student participants will be eligible for academic scholarships, student competitions, and other benefits.

BIA is proud to be working with Liguori on the workforce development initiative to provide family-sustaining jobs to all Philadelphians and ensure a skilled labor force for the construction industry.

Opportunities Await

Back in March, a group of students visited Interior Creations, a local mill working/custom furniture manufacturer. Interior Creations are the designers behind several high profile jobs such as Terminal B at the Philadelphia Airport and the new Google headquarters in Manhattan.

Our students were treated to an exclusive tour of their facility and were each given the opportunity to interview for a paid work experience. We're proud to share that all students were offered paid work experiences!

While this exciting opportunity currently remains on hold, we look forward to our

students learning and working with Interior Creations, when we return to school!

While there is no question that the current pandemic has brought on much uncertainty and disruption, one thing was made clear to us. The importance of being able to offer a flexible and technology driven education program.

Every donation we receive makes it possible for us to provide each student with a laptop, an online curriculum, and the resources to provide for their personal needs.

Because of you, our students' futures continue to remain boundless. So we kindly ask you to give what you can, so we can continue to support our city's youth.
